RE: LETTER OF APPRECIATION

We would like to thank you and your team of qualified personnel for successfully implemented the D'Project Management Information Systems.

After using D'Project, we are convinced that it is a software solution suitable for any project base company and I would recommend this solution to any company that is looking to streamline their existing operations.

It has been a pleasure working with you and your team and we certainly hope to foster closer business ties with you in the future.

Thank you

Yours faithfully
For and on behalf of
