Letter of Appreciation

By Bradley Adams, Transnet Holdings.

I just want to say thanks to Annie and her team for all the hard work you've put in over the last 2 months.

I know it doesn't always seem like it now but Transnet Housing is slowly becoming a better place because of all the new functionality being built for them by the IFCA team. Things do get frustrating at times and people can be unappreciative but the assistance and attitude of the IFCA team is always above par.

Keep up the good work guys and girl!!

Bradley Adams
